Superior Plus Feed System with 7 piece feed dog	Auto lockstitch button	

60 Total Stitches

You'll find every stitch you need, from basic quilting to advanced home decor. The large stitch menu on the front of the machine is arranged by essential stitches, hemming stitches, decorative stitches, even heirloom stitches. Plus you get six automatic buttonhole stitches for perfect size and placement every time.

One-Hand Needle Threader

Pull down lever stays down for effortless threading every time.

Superior Plus Feed System

Only Janome machines have this super stable feeding system that moves your fabric in perfect synchronization with the needle and bobbin. A seven-piece feed dog works with a flat feed mechanism, which keeps the feed dog parallel to the needle plate whether sewing forwards or backwards.

Needle Plate

Our unique needle plate gives you easy measuring. An extra wide needle plate contains important markings for increased accuracy. You get more seam allowance options, plus handy cornering guides and patented angle scale lines.

Memorised Auto Thread Cutter

Automatically cuts needle and bobbin threads and neatly pulls needle thread to back. Can be programmed with certain stitches.

Adjustable Foot Pressure

Just turn the dial to adjust the pressure foot to one of six pressure levels. A great feature to fine tune for fabric weight.
