### 60 Stitches

The 6260 Quilter's Companion machine includes a unique set of built-in quilting stitches with Sculptured, Appliqué and other specialty stitches.

### Quilting Attachment Kit

Includes: 1/4" seam foot, craft foot and cloth guide, darning foot, walking foot and quilt guide.

### Extra-High Lift

An extra-high presser foot lifter allows you to slide in multiple layers of fabric and batting.

### Superior Feed System (SFS)

A unique 7-point feed dog mechanism that allows you to start right on the edge of your fabric with complete precision. Even when you're quilting through five or six layers, they feed smoothly and easily.

### Bright LED Screen

The 6260QC makes computerised sewing a breeze with the bright, easy-to-read LED screen and scroll key stitch selection.
