10 Buttonhole Choices

10 built-in one-step sensor buttonholes.

Variable Sewing Speed

The MC4900QC runs at up to 820 stitches per minute. Finish your big projects in less time and without compromising stitch quality.

Superior Feed System (SFS)

Even at the highest speeds, your stitches look great. Janome's Superior Feed System uses a 7-piece feed dog to support your fabric from all sides for smooth, consistent results on all fabric types. The transparent bobbin cover lets you see how much thread is left & the one touch release allows quick bobbin removal.

Knee Lift

The knee lifter bar fits into the front of the machine, it allows you to use your knee to lift the sewing foot while keeping your hands on your work. This feature is a favourite with quilters.

Customise Stitches in Combinations of up to 50

Elongate stitches from 2 to 5 times their original length, mirror image them, and then combine them in sequence with other stitches for unique decorative effects. Save your combinations to one of 5 Memory Banks and retrieve with the touch of a button.
